## ELECTROLYTES & VITAMINS

### APPLICATION

To be used for mitigating electrolyte depletion during periods of heavy sweating, which occurs during training, extended transport, stressful situations, and on hot summer days.

Eclipse Biofarmab Rehalyt Booster is an electrolyte supplement designed for administration to horses following intense exertion or during prolonged transport. Supplementing with additional vitamins and electrolytes during such critical periods is a well-established strategy among successful trainers across multiple equestrian disciplines globally.

When a horse sweats, it loses not only salt but also essential minerals, such as potassium and chloride. Rehalyt Booster replenishes these vital salts and additionally fortifies the horse with an array of extra vitamins.

Rehalyt Booster offers a harmonious blend of vitamins and electrolytes. It is rich in antioxidants such as Vitamin C and Vitamin E, which are particularly crucial for enhanced muscular activity.

Please note that Rehalyt Booster should not be administered in quantities exceeding the recommended dosage. Since Vitamins A and D3 accumulate within the body, it is advisable to avoid concurrent administration of these vitamins. The horse must have unrestricted access to water when being fed Rehalyt Booster.

- Electrolytes, vitamins and antioxidants
- Prevents electrolyte depletion after sweating
- Ideal for intense exertion and extended transport

### FEEDING DIRECTIONS

Pony: 25 g

Horse: 50 g

Administer 1 dose daily for two days prior to, and one day following, intense exertion or extended transport. To avoid exceeding the maximum permissible levels of additives, do not exceed the recommended daily dosage of Rehalyt Booster.  
1 scoop = 50 g

### SIZES AVAILABLE

1070 500 g = 10 days supply at 50 g/day

1071 1.25 kg = 25 days supply at 50 g/day

### ANALYTICAL CONSTITUENTS

Sodium 11.6%, Potassium 7.3%, Crude Protein 3.0%, Crude Fat and Crude Oils 3.6%, Crude Ash 53.7%, Carbohydrates (NFE) 37.2%, Crude Fibre <0.5%.

### COMPOSITION

Salts, Sugar Raw Material, Vitamin Premix.

ADDITIVES	1000 g	50 g
Sodium Chloride	586 g	29.3 g
Potassium Chloride	140 g	7 g
Vitamins:		
Vitamin A	1 000 000 IE	50 000 IE
Vitamin D3	100 000 IE	5000 IE
Vitamin B1	20 000 mg	1000 mg
Vitamin C	100 000 mg	5000 mg
Vitamin B6	4000 mg	200 mg
Folic acid	4000 mg	200 mg
Biotin	40 mg	2 mg
Vitamin E	40 000 mg	2000 mg

### SHELF LIFE

24 months.
