B-VITAMIN SUPPLEMENT

APPLICATION

To be used when additional B vitamins may benefit the horse, such as during periods of coat shedding and intense exertion.

- B vitamins (B1, B2, B6, B12, biotin)
- Tasty
- Addition of inulin and yeast promotes natural production

Eclipse Biofarmab B vitamin Total includes five essential B vitamins for horses (B1, B2, B6, B7, and B12), combined with inulin (a prebiotic) to ensure high bioavailability. It also contains a fermented yeast culture, which enhances the horse's natural production of B vitamins in the intestine.

Used when horses may require additional B vitamins, e.g. during fur shedding, in stressful situations, under intense exertion, during transport, or when adapting to a new living environment.

When horses undergo dietary changes, face stressful conditions, or follow a feeding regiment low in fibre (or high in concentrate feeds), supplementation with B vitamins is crucial, as horses under such circumstances have limited capacity to naturally produce adequate amounts.

Particularly during and well before the shedding period, it is of utmost importance to ensure that it has access to essential B vitamins.

Since all B vitamins are water-soluble, they pose no risk of overdose; any excess is naturally excreted in the urine.

*The included inulin is an organic dietary fibre derived from the chicory flower. It promotes a healthy intestinal flora, creating favorable conditions for optimal nutrient absorption in the intestine.

FEEDING DIRECTIONS

Pony: 1 scoop/day

Horse: 2 scoops/day

Large-sized horse (over 600kg): 2.5 scoops/day

Mix well in feed.

1 scoop = 5 g

SIZES AVAILABLE

600984 450 g = 45 days supply at 10 g/day

601067 2 kg = 200 days supply at 10 g/day

SHELF LIFE

24 months.

COMPOSITION

Silicon Dioxide, Cultivated and Fermented Yeast, Calcium Carbonate, Inulin, Aroma.

ADDITIVES	1000 g	10 g
Vitamins:		
3a821 Vitamin B1	9 g	90mg
3a880 Vitamin B7	580 mg	5.8 mg
3a825iii Vitamin B2	9 g	90 mg
3a835 Vitamin B12	15 mg	0.15 mg
3a831 Vitamin B6	4.2 g	42 mg

ANALYTICAL CONSTITUENTS

Crude Ash 53.3%, Crude Protein 7.7%, Crude Oils and Fats 0.7%, Crude Fibre 16%, Moisture 4.6%.
